

Earth Week
April 16th - 20th
Brentwood Elementary School

We are planning a fun Earth Week which will be from April 16th - 20th this year.

Monday - Reuse Clothing presentations

Tuesday - Purple Martins Presentations in Brentwood Park

Wednesday - Reptile Guy presentations, Butterfly Garden Tours, Astronomy Presentations

Thursday - Butterfly Garden Tours, Astronomy Presentations

Friday - 11-11:30 picnic and concert with Joe McDermott for prek-2nd grades

12:00-12:30 picnic and concert with Joe McDermott for 3rd-5th grades

Classes will be able to sign up for 2 of the presentations listed above. In addition, classes will be encouraged to participate in their own Earth-related activities and enter our prize drawing (a visit from EvilTrashMan)! On Friday, April 16th, Joe McDermott will come to Brentwood for our traditional Earth Day picnic and all families are invited. Note that we are splitting the picnic into 2 time periods to accommodate our growing population. The picnics will be located outdoors on the covered play slab near the large playground.

We hope that you will join us for one or both of our Earth Day picnics on Friday, April 20th! Contact Amy Cox at amy.cox@austinisd.org with any questions.

2018-19 Class Placement Family Information - Due by, Wednesday, April 25, 2018

Brentwood Families,

Are you interested in providing information for us to consider when placing your child in a class for 2018-19 school year? Ms. Laroche is accepting emails (amber.laroche@austinisd.org), letters, or this form through April 25, 2018. We ask that you do not specifically request to place your child in a specific teacher's classroom (or to not place your child in a specific teacher's classroom). Also, do not specifically request your child to be placed with a specific classmate/friend (or not with a specific friend/classmate). Instead please provide a description of your child and/or what characteristics you feel would be a good fit for your child. Teachers, administrators, and support staff spend a lot of time developing classes and many factors are considered when creating classes. Although we cannot meet all requests and considerations, we are committed to carefully considering all factors when creating classes! We want to ensure that we create a class of students who will thrive throughout the year! Thank you!

Amber Laroche

Student Name: _____ Current Teacher: _____

2018-19 Grade level (next year's grade level): _____

Family Member Completing Form: _____

Please consider this information about my child (ex. child's personality, how your child learns, what learning environment your child favors, unique characteristics):
